Neural Network Architecture Outline

1 Objective

2 Inputs and Outputs

- **Inputs:**
- **Preprocessing:**
- **Outputs:**

3 Architecture

3.1 Layers and Blocks

Layer / block	Output shape	Activation	Notes
Input	—	—	—
Hidden	—	—	—
Output	—	—	—

3.2 Design Choices

4 Training

- **Loss function:**
- **Optimizer and learning rate:**
- **Batch size and training duration:**
- **Regularization and stopping criteria:**

5 Evaluation

6 Open Questions
